ABOUT PATCHS

PATCHS is the new easy way for you to contact your GP practice online.

PATCHS has been designed by GPs to make it easier to contact your practice and save you time.

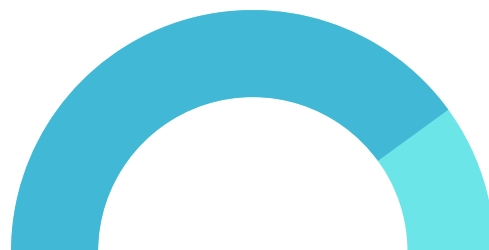

Just answer a few simple questions and PATCHS gets you the help you need quickly.

WHY WAIT ON THE PHONE

With PATCHS you don't have to wait on the phone anymore, instead you can submit an online digital consultation which will be reviewed and replied to by a doctor within 48 hours.

HOW TO USE PATCHS

Clicking the PATCHS banner on the homepage of our website leads you to a "Submit PATCHS" button. From here all you need to do is register an account with us and then you will have a login. Lastly, answer a few questions so the GP can understand your problem

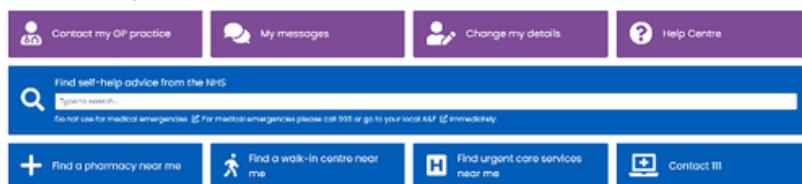

594 PATCHS WERE COMPLETED IN AUGUST

BENEFITS

- PATCHS opens at 6:00 am
- Clinical triage by doctor
- Avoid telephone queues and waiting rooms
- You can ask for medication, a sicknote or medical advice

PATCHS can even help solve your problem without needing an appointment due to the wide range of medical advice we offer

Eastham Group Practice

Need help using PATCHS? Visit the [FAQ](#) for instructions and frequently asked questions. Please don't contact your GP practice for help using PATCHS.
